

Product Data Sheet

Scratch Cover for Furniture & Floors

Product	Scratch Cover for Furniture and Floors - Dark or Light
Sizes	100ml
Description	Scratch Cover is a oil-based formula, designed to blend and disguise shallow scuffs and scratches on timber or bamboo floors. It is excellent on lacquered, waxed or oiled timber. Ideal for colouring over scratches and is also useful for reviving timber that isn't in bad enough condition to merit stripping back. May also be used as a stain on raw timber to darken it.
Used For	Disguising scuffs and scratches on timber or bamboo.
Surface Preparation	Ensure the surface is clean and dry before application.
How to Apply	<ol style="list-style-type: none">1. Tip some of the product onto a clean, lint-free cloth and wipe over the affected area. Follow with another clean, lint-free cloth to remove any excess as it can be a slipping hazard on lacquered floors..2. If you intend to use the dark version to restore an area of faded timber, do not wipe away excess immediately. Leave to dry overnight and polish back vigorously the next day. The resin will buff to a good sheen.
Dry Time	10 minutes if wiped back straight away.
Maintenance	Re-apply if affected areas become dull or pale.
Clean Up	Warm, soapy water for hands/cloth.
Safety	<ul style="list-style-type: none">● Keep out of reach of children● Contains natural turpentine● Hang out rags to dry, or soak in water. Don't leave scrunched up● Contact Gilly's for SDS
Ingredients	Plant-based oils, gum (natural) turpentine
